

HONEYDEW HOMES SMP

Non-PvP | Cozy Survival | Minecraft Bedrock Edition

SERVER RULES & COMMUNITY GUIDELINES

Welcome to Honeydew Homes — a cozy, non-PvP, cottage-core survival server on Minecraft Bedrock Edition. We're a community built around friendship, creativity, and good vibes. These rules exist to keep this place peaceful and welcoming for players of all ages, including kids and families. Treat it like hanging out at a friend's place. Violations may result in warnings, kicks, or bans at staff discretion.

1. Be Respectful

No harassment, bullying, hate speech, toxicity, or chat spam. Keep things kind and welcoming. We have players of all ages here — including kids playing alongside family — so keep the vibe friendly for everyone.

2. Age Requirement

By joining this Discord server you confirm you are at least 13 years old, as required by Discord's Terms of Service. Users under 13 are not permitted on this platform. Microsoft/Xbox, PlayStation, and Nintendo Switch all require parental or guardian consent for minors to access online multiplayer — if you are playing on any of these platforms, that consent has already been given by your parent or guardian.

3. Mature Community Notice

Honeydew Homes is a mature community. While we enforce respectful behavior, text and voice conversations between members are not always PG-rated. Adult humor, language, and topics may occur. Microsoft, PlayStation, and Nintendo all acknowledge in their own Terms of Service that online services may expose players to adult language and material, and place responsibility on parents and guardians to monitor their child's online activity. By clicking I Agree — whether you are doing so yourself or a parent/guardian is doing so on your behalf — you acknowledge this and accept full responsibility for participation in this community.

4. Watch Your Language

Minor cussing happens — we get it. But don't take it too far. Slurs, excessive profanity, and offensive language are not welcome here. If you wouldn't say it in front of someone's kid, dial it back.

5. This Is Not a Dating App

Don't treat it like one. Flirting, pursuing, or making other players uncomfortable in a romantic or sexual context is not okay. Keep interactions friendly and appropriate.

6. No Griefing

Do not break, place, or alter blocks in or around anyone else's builds or claimed areas — even if a build looks abandoned or unclaimed. When in doubt, ask staff.

7. No Stealing

Don't take items from chests, farms, or dropped items that aren't yours. If it's not explicitly shared or public, leave it alone.

8. No Cheating or Exploits

No hacks, x-ray, item duplication, or lag machines. Vanilla-friendly client mods (minimaps, etc.) are fine. If you find a bug or exploit, report it to staff instead of abusing it.

9. No Advertising

Don't promote other servers, Discord servers, or external links without staff permission.

10. Build Responsibly

Don't build too close to others without asking first. Respect shared spaces, clean up after yourself (replant crops, don't leave floating trees), and be mindful of server performance.

11. Claim Your Space Fairly

Each player gets up to 9 claims, each up to 250x250 in size. In the Overworld you could combine all 9 to make one large 750x750 town. Claim limits vary by dimension in the Nether and End. Use your claims for what you actually intend to build, and don't sit on land just to block others.

Admins reserve the right to reject claims that seem excessive or exploitative. Build big, but be fair.

12. AFK & Inactivity

Please don't AFK in a way that causes lag or blocks resources. Long-term inactivity (60+ days) may result in your Discord Member role being temporarily removed and server access paused. You're always welcome back — just re-onboard in Discord.

13. Voice Chat

Same rules apply in voice as in text. Be respectful, don't earrape, and be mindful that others may be nearby in real life. No background music blasting, screaming, or disrupting others mid-conversation.

Enforcement

Staff handle reports fairly and will rollback grief and theft where possible. Temporary bans range from 1 day to 1 week depending on severity. Permanent bans are reserved for serious or repeated violations. Banned players may appeal by opening a support ticket in Discord or DMing the server owner directly. Play nice, and this will always feel like home.
